

### Parent's Creed

**We recognize that we are members of this gym - our actions and reactions reflect not only our child, but the program that he or she belongs to**

**We know that no matter how loud our children are on stage, we have to be louder – our spirit and pride in them is what fuels them.**

**We understand that we have to be bigger in defeat than in victory. Being humble in both is what builds character in our children**

**We pledge to set an example for the athletes that are going on stage by being positive in every aspect of sportsmanship**

**We pledge to be there when our team needs us because we are just as much part of the team as our children**
